About Lamar University:

The Lamar University athletics department sponsors 17 division 1 sports that compete in the Southland conference. Lamar University is a diverse and accessible global university for life-long learners with a passion for broad-based community engagement. As a vital contributor to the socioeconomic wellbeing and resilience of the Gulf Coast region, our expertise is recognized locally and beyond. Lamar University is home to more than 17,000 students and is among the fastest growing Texas colleges and universities. LU is a member of The Texas State University System, which is the first higher education system of Texas and maintains the lowest average tuition and fees of any university system in Texas. With more than 100-degree options and a community that cares, Lamar students are always proud to be Cardinals.

Lamar University is committed to fostering a culture of diversity where students, faculty and staff of all backgrounds can learn, work, and serve.

About This Role:

Provide medical services to Lamar University student athletes under the direction of the Director of Sports Medicine and team physicians. Must have the ability to make independent decisions in the following areas: injury assessment, injury referrals, injury care management, return to play, emergency care, communication, and administration. This position requires the ability to work with the athletic training staff, strength and conditioning staff, sport coaches, athletic administration, team physicians, and various departments across campus. This position also serves as an adjunct instructor for the undergraduate introduction to athletic training program within the college of Kinesiology. This position may require you to work non-traditional hours, including early morning, evenings, weekends, and holidays. Some travel required. This job is not suitable for remote work.

Position Responsibilities:

- Assist team Physician and Director of Sports Medicine in injury recognition, treatment, rehabilitation, and conditioning of the student-athlete. Accurately maintain all records and reports (physical examinations, injury records, physician notes, treatment & rehabilitation notes, insurance claims, etc.).
- Serve as adjunct instructor in the college of Kinesiology (teach 1 class/year)
- Serve as a clinical preceptor for athletic training students.
- Assist in policy & procedure updates in accordance with NCAA recommendations.
- Assist with departmental inventory and supply ordering.
- Perform other duties as assigned by Director of Sports Medicine.

Minimum Qualifications

- Master's degree Athletic Training, or related field/concentration required.
- Minimum of one (1) year of experience as a certified Athletic Trainer providing health care for intercollegiate and/or professional athletes.
- Strong organization, administrative and communication skills.

Benefits/Salary:

- Health, dental & vision insurance
- Life insurance
- State of Texas Retirement plans
- Tuition covered at 100% for employees, spouses and/or eligible dependent.
- Yearly CEU allotment of \$1,500
- Texas License and professional association dues
- Professional liability insurance

Salary range is currently \$44,000 - \$48,000

The Lamar University HR team is currently completing a compensation analysis of these positions which is likely to increase salary numbers in the coming months.
